Directory Libraries

Every Polk office has a library of directories of various cities. These are maintained for the convenience of our patrons, and they are constantly supplying information of many different kinds to people who come to use them.

City Directories are City Catalogs. They contain a list of everybody and everything within a city. Many of the more progressive concerns buy directories of various cities as they are issued for mailing list purposes.

The Surgeon's Partner

One of the most trying tasks in the work of the surgeon is that of making comfortable those patients who have lost limbs and recompensing them as far as possible for their losses.

J. E. HANGER, INC.

Manufacturer of

Artificial Limbs

has cooperated with surgeons and physicians for fifty-four years and thousands of them from coast to coast now recommend only Hanger limbs. There are today more Hanger limbs worn than any other make. The reason is that they are better made, better fitted most comfortable, most durable, most thoroughly guaranteed. We wish that every doctor in America would give us an opportunity to demonstrate the superiority of our limbs.

Gives entire satisfaction to the physicians and patients wherever used in the treatment of DIABETES, Rheumatism, Obesity, Stomach and Kidney Troubles. The use of our products reduces the percentage of sugar in the system, and the variety makes the starch restricted diet much easier to adhere to.

We guarantee all our Gum Gluten Products to more than comply with the Government Standard requirements.

U. S. STANDARD FOR GLUTEN, JANUARY 6, 1916.

"GLUTEN FLOUR is the clean, sound product made from wheat flour by the removal of a large part of the starch and contains not more than ten per cent (10%) of moisture, and, calculated on the water-free basis, not less than seven and one-tenth per cent (7.1%) of nitrogen, not more than fifty-six per cent (56%) of nitrogen-free extract (using the protein factor 5.7), and not more than forty-four per cent (44%) of starch (as determined by the diastase method)."

REST after work is necessary to human endurance, and holidays are a wise economy. The Great Lakes of America offer more vacation opportunities than any other source in the country. The steamers of the Detroit and Cleveland Navigation Company operating to all important ports are unrivalled in point of elegance, comfort and quality of service—the perfect freedom offered by the saloon and promenade decks, the commodious state rooms, luxurious furnishings and excellence of cuisine make life aboard these floating palaces, a solace to the weary mind and body.

WHERE YOU CAN GO

Daily service is operated between Buffalo and Detroit, Detroit and Cleveland, four trips weekly between Toledo, Detroit and Mackinac Island, the historic summer resort of the North Country, and from June 25 to Sept. 10 a special steamer will be in commission between Cleveland and Mackinac Island, stopping at Detroit enroute every trip. During July and August special daylight trips between Detroit and Cleveland.

The Association of the American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

The Keeley Institute

DWIGHT, ILLINOIS

THE PARENT HOUSE OF THE KEELEY INSTITUTE SYSTEM

ESTABLISHED 1880

FOR THE TREATMENT OF ALCOHOLIC INEBRIETY, OPIUM AND ALL OTHER DRUG ADDICTIONS, THE TOBACCO HABIT AND SOME FORMS OF NEURASTHENIA.

By the Keeley system, functional inebriety is relieved and the craving removed; this is accomplished by elimination, improvement of general nutrition and the toning up of the nervous system. There is no nausea or other sickness, but the general health improves from the time the treatment begins. Entire freedom is accorded and there are no annoying or vexatious restraints, except proper medical supervision.

No claim is made that the organic changes of chronic alcoholism will be remedied. By removing the craving or necessity, however, and proper elimination, the improvement in the general health enables nature in time to repair the damage in most cases. The history of the treatment of chronic alcoholics by the Keeley system always shows marked improvement of collateral ailments and often complete restoration.

Every patient receives a thorough physical examination, and the treatment is adapted in all cases to the peculiar needs of each.

Comprehensive literature free upon application and all correspondence strictly confidential.
